## *Policies and Benefits*

### Change for TexFlex debit card users

Beginning April 1, TexFlex debit (PayFlex) cards can be used as either debit or credit cards, though some merchants may only accept their use as debit cards. To use your PayFlex card as a debit card, you will need a personal identification number, or PIN, to complete the transaction.

To get a PIN, call PayFlex Card Services toll-free at 888-999-0121.

You will not need a PIN to use the PayFlex card as a credit card, and this change does not affect the fees you pay for your TexFlex account. For more information about PayFlex, call the number on the back of your card. ●
